Additional Information:

This text is a Bible translator resource from the STEPBible Tyndale Amalgamated Hebrew and Greek. The Old and New Testament tag legend is found online at <https://www.aionianbible.org/Bibles/English---STEPBible-Concordant>. New Testament study is revolutionized by the discovery of earlier manuscripts in the North African sands and other discoveries. The NA text is based mostly on these earlier manuscripts, but the TR text was compiled from later ones, before the earlier ones were found. Later scribes often removed ambiguities with changes like adding the name 'Jesus' instead of 'he', adding prepositions such as 'with' and 'to' instead of relying on Greek dative and genitive cases, and occasionally adding phrases to clarify the text. There are no instances of changed theology, confirmed by the huge failed effort to find even one. Less discussed are the words found in the earlier manuscripts, but not in the later. Of these, there are 548 differences with no impact to meaning, and 277 scribal clarification differences. And these are only mildly significant changes like '72' for '70' disciples sent out in Luke 10:1,17, 'Spirit of Jesus' for 'Jesus' in Acts 16:7, 'as you now walk' in 1Th 4:1, 'according to God' in 1Pet 5:2, 'show mercy to others' in Jude 23, and 'and a third of the earth was burned' in Rev 8:7. The best explanation is that additions found only in earlier manuscripts and additions found only in later ones are simply two sets of additions by scribes to clarify the text with no theological agenda. So, if you want the very earliest text, use only the words that are in both NA and TR. If you want to include clarifications by North African believers like modern Bibles, then include words found only in NA. If you want to only include the clarifications by Byzantine scribes like the KJV, then include the words found only in TR, and use the TR variants.

Celebrate Jesus Christ's victory of grace!

Preface

AionianBible.org/Preface

The *Holy Bible Aionian Edition* ® is the world's first Bible *un-translation*! What is an *un-translation*? Bibles are translated into each of our languages from the original Hebrew, Aramaic, and Koine Greek. Occasionally, the best word translation cannot be found and these words are transliterated letter by letter. Four well known transliterations are *Christ*, *baptism*, *angel*, and *apostle*. The meaning is then preserved more accurately through context and a dictionary. The Aionian Bible un-translates and instead transliterates eleven additional Aionian Glossary words to help us better understand God's love for individuals and all mankind, and the nature of afterlife destinies.

The first three words are *aiōn*, *aiōnios*, and *aiōdios*, typically translated as *eternal* and also *world* or *eon*. The Aionian Bible is named after an alternative spelling of *aiōnios*. Consider that researchers question if *aiōn* and *aiōnios* actually mean *eternal*. Translating *aiōn* as *eternal* in Matthew 28:20 makes no sense, as all agree. The Greek word for *eternal* is *aiōdios*, used in Romans 1:20 about God and in Jude 6 about demon imprisonment. Yet what about *aiōnios* in John 3:16? Certainly we do not question whether salvation is eternal! However, *aiōnios* means something much more wonderful than infinite time! Ancient Greeks used *aiōn* to mean *eon* or *age*. They also used the adjective *aiōnios* to mean *entirety*, such as *complete* or even *consummate*, but never infinite time. Read Dr. Heleen Keizer and Ramelli and Konstan for proofs. So *aiōnios* is the perfect description of God's Word which has *everything* we need for life and godliness! And the *aiōnios* life promised in John 3:16 is not simply a ticket to eternal life in the future, but the invitation through faith to the *consummate* life beginning now!

The next seven words are *Sheol*, *Hadēs*, *Geenna*, *Tartaroō*, *Abyssos*, and *Limnē Pyr*. These words are often translated as *Hell*, the place of eternal punishment. However, *Hell* is ill-defined when compared with the Hebrew and Greek. For example, *Sheol* is the abode of deceased believers and unbelievers and should never be translated as *Hell*. *Hadēs* is a temporary place of punishment, Revelation 20:13-14. *Geenna* is the Valley of Hinnom, Jerusalem's refuse dump, a temporal judgment for sin. *Tartaroō* is a prison for demons, mentioned once in 2 Peter 2:4. *Abyssos* is a temporary prison for the Beast and Satan. Translators are also inconsistent because *Hell* is used by the King James Version 54 times, the New International Version 14 times, and the World English Bible zero times. Finally, *Limnē Pyr* is the Lake of Fire, yet Matthew 25:41 explains that these fires are prepared for the Devil and his angels. So there is reason to review our conclusions about the destinies of redeemed mankind and fallen angels.

The eleventh word, *eleēsē*, reveals the grand conclusion of grace in Romans 11:32. Take the time to understand these eleven words. The original translation is unaltered and a note is added to 64 Old Testament and 200 New Testament verses. To help parallel study and Strong's Concordance use, apocryphal text is removed and most variant verse numbering is mapped to the English standard. Adam and Eve Driven Out of the Garden of Eden
